

# Are you a civic-minded educator?

## Incorporating Civics into your Classroom

The American education system was originally **designed to develop good citizens**. How well are we meeting this challenge? Educators at every grade level and content area need to be involved in preparing students to be informed and active citizens.

### FREE TEACHER WORKSHOP

#### This workshop will help civic-minded educators develop engaged citizens by:

- ▶ Improving inquiry-based teaching using the Library of Congress methodology
- ▶ Interacting with the free civics app Engaging Congress
- ▶ Previewing the Library of Congress micro-credential

#### Workshop Facilitator

**Dr. Elizabeth R. Osborn**
