

## **Recording in Canvas Studio**

### Purpose

This document will provide information on recording in Canvas Studio. You can record a video using your webcam in Canvas Studio. Videos can be recorded from any page in your account. You can record media for any length of time, but shorter video recordings under 5 minutes long are recommended due to browser resource limitations.

### > Scope

This document will provide faculty with instructions and suggestions for recording lectures in Canvas Studio.

### Background

Studio webcam capture is only supported by Chrome and Firefox browsers. If you use an unsupported browser, Studio will ask you to switch browsers.
